SUBJECT: Updated Directory of DOH-Designated Human Immunodeficiency Virus (HIV) Treatment Hubs and Primary HIV Care Facilities in the Philippines as of June 30, 2026

Pursuant to Article V, Section 33 of Republic Act No. 11166, also known as the Philippine HIV and AIDS Policy Act, the Department of Health (DOH) is mandated to designate public and private hospitals as HIV treatment facilities. As of June 30, 2026, a total of **364 facilities** nationwide have been officially designated, **comprising 203 treatment hubs and 161 primary HIV care facilities**, as detailed in *Annex A*.

In line with the digital harmonization of reporting, all DOH-designated HIV treatment facilities are reminded to encode anti-retroviral (ARV) drug utilization on the necessary information systems, which shall include, but not limited to, patient consumption and the remaining stock on hand. These data shall be used in forecasting, stock monitoring, and the allocation of commodities.

For any clarifications, you may directly coordinate with the **High Burden Infectious Diseases Prevention and Control Division** of the **Disease Prevention and Control Bureau** through email addresses dpcb@doh.gov.ph and hbidpcd@doh.gov.ph or (02) 8651-7800 local 2363.
